6 November 2014

Dear Shareholder,

1. Introduction

Following a review of the Company's investment and advisory businesses, the Board has determined that a more efficient operating structure is required for the Company's advisory business. The Company has therefore established a wholly owned subsidiary in the Republic of Seychelles, named CIC Capital Ltd. ("**CIC Seychelles**"), which is to conduct the advisory business previously conducted by the Company (the "**Reorganisation**"). A Seychelles domicile has been chosen from which to run the advisory business as CIC Seychelles will not be subject to any income tax, stamp duty and/or other duties and taxes in the Seychelles. This is guaranteed by law for a period of 20 years from the date of its incorporation.

The Company will continue to carry out its investment business and intends to make further announcements in due course.

As you are aware the Company was previously quoted on the AIM Market of the London Stock Exchange before delisting on 2 May 2014. CIC Seychelles has sought admission to the standard listing segment of the Official List and to trading on the London Stock Exchange's Main Market for listed securities of its common shares by way of an introduction ("**Listing**"). There will be no fundraising on Listing if and when such Listing is completed.

As the advisory business of the Company is to be conducted by CIC Seychelles, and in order to enable all Shareholders to take advantage of the proposed Listing, the Company is now demerging the advisory business by distributing by way of dividend *in specie* all of the shares it currently owns in CIC Seychelles to Shareholders on a one for one basis so that Shareholders will then own the same number of shares in CIC Seychelles as they do in the Company (the "**Seychelles Distribution**"). Details of the management of CIC Seychelles are set out in Part II.

In line with the its announcement on 2 June 2014, the Company is also distributing by way of dividend *in specie* to Shareholders on the relevant record date, shares allotted to it in certain companies ("**Client Companies**") in connection with the provision by the Company of advisory services (the "**Client Company Distributions**").

In anticipation of one of the Client Companies, CIC Gold Group Ltd, potentially listing in the future, and in order to create sufficient shares in public hands, CIC Seychelles and the Company will also be distributing by way of dividend *in specie* some of the shares in that Client Company to shareholders upon them becoming a shareholder in CIC Seychelles (the “**Free Float Distributions**”).

A similar approach is expected to be taken for future listings of other Client Companies.

This Circular explains the background to and details of the Reorganisation and the various distributions.

2. The Reorganisation

Part of the Company’s business has been to provide advisory and consulting services primarily to clients in the mining sector and in the energy infrastructure sector. It has previously been engaged to work for four companies:

- CIC Gold Ltd
- CIC Fuels Ltd
- CIC Brancepeth Coal Ltd
- Sino Reserves Ltd

Under the terms of the relevant advisory agreements, shares in these companies (“**Former Client Companies**”) were allotted to the Company in lieu of fees payable on commencement of services. These shares were previously held in the Company’s books at valuations based on IFRS 10 but have since been written down.

In June this year these four contracts with the Former Client Companies were terminated and new contracts to perform the same services have been entered into between CIC Seychelles and each of the newly incorporated Client Companies being:

- CIC Gold Group Ltd (“**Gold**”)
- CIC Fuels Group Ltd (“**Fuels**”)
- CIC Coal Group Ltd (“**Coal**”)
- Sino Reserves Group Ltd (“**Sino**”)

Each of these companies has been incorporated in the Republic of Seychelles and has allotted shares of no par value to the same shareholders (including the Company) as were previously entitled to shares in the Former Client Companies, and in the same amount to which they were each entitled..

As the advisory business of the Company is therefore now being carried out by CIC Seychelles rather than the Company, any shareholdings in the Former Client Companies will cease to have any material value. It is for this reason that the previous entitlements to shares in the Former Client Companies are being replicated in the Client Companies. One of these entitlements that is being replicated is the Company’s shareholding in the Client Companies which it holds on the basis that part of the contracts with the Former Client Companies had already been performed by the Company resulting in the Company earning shares in those companies in lieu of fees.

As the Company had previously agreed to transfer some of its entitlement to shares in two Former Client Companies to third parties under pre-existing agreements, it is now procuring that those third parties are allotted the same amount of shares in Gold and Fuels. In addition, as the Company had agreed to distribute as dividends *in specie* to its Shareholders shares in all Former Client Companies, it is now making the Client Company Distributions in the same amount. The Company will continue to retain a small balance of shares in the Client Companies following these allotments and distributions.

Following the above Reorganisation CIC Seychelles will now carry on the advisory business formerly carried on by the Company. The shares held by the Company and CIC Seychelles in each of the Client Companies following the Reorganisation (but prior to the Free Float Distributions below) are set out in Part II of this Circular.

2. The Distributions

Shareholders will shortly be receiving three types of distribution in connection with the Reorganisation.

1) Seychelles Distribution

First, to demerge the advisory business of the Company and to enable Shareholders to carry on holding their interests in the advisory business now being carried on by CIC Seychelles, the Company will distribute by way of an *in specie* dividend to all Shareholders on its register on the record date as at the date of this Circular, the same number of shares in CIC Seychelles as they currently hold in the Company (the “**Seychelles Distribution**”).

2) Client Company Distributions (distribution approved prior to Company being continued as a BC company)

Second, the Company will carry out each of the distributions previously announced of shares in each of the Client Companies to each Shareholder on its register on the record date of 6 June 2014. The terms of the distribution, as set out in the announcement of 2 June 2014, are that each Shareholder on the record date will receive an *in specie* dividend of a number of shares in the relevant Client Company that is the result of multiplying its shareholding at that date by the relevant percentage set out in the Table 1 below, depending on the time the relevant shares have been held:

Table 1

Time held	Gold	Fuels	Coal	Sino
2 years or more	5%	2%	5%	2%
1 year or less	2%	1%	2%	1%
Total shares distributed	3,029,118	1,514,559	3,029,118	1,514,559

Directors of the Company will be asked to waive their right to participate in the Client Company Distributions.

3) Free Float Distributions of shares in Gold

There will be two such distributions. The first will be carried out by CIC Seychelles which will distribute twenty million (20,000,000) shares it owns in Gold to all of its shareholders on the register immediately following the Seychelles Distribution. Shareholders in CIC Seychelles will receive their pro rata share of such distribution based on their shareholding percentage in CIC Seychelles (which will be equivalent to their shareholding percentage in the Company).

The second of these distributions will be made shortly before a listing of Gold from shares which would then be held by the Company arising on conversion of certain convertible loans. The Company announced on the 2 October 2014 two unsecured, interest free convertible loans to Gold of £300,000 and £1,425,000 respectively. These loans are convertible into common shares in Gold prior to its admission to listing on the Main Market of the London Stock Exchange. The conversion price is at six (6) UK pence per share resulting in the issue of 28,750,000 shares in Gold. The Directors have determined that these shares will be distributed by the Company on conversion of the loans to its shareholders on the register immediately following the Seychelles Distribution. Shareholders in the Company will receive their pro rata share of such distribution based on their shareholding percentage in the Company. Directors of the Company will be asked to waive their right to participate in this share distribution.

3. The Common Shares

Each common share of CIC Seychelles will have no par value and be denominated in Sterling. Each common share of each of the other Client Companies will also have no par value and be denominated in Sterling.

All shares being distributed will be evidenced by share certificates which will be posted to Shareholders by the Company and CIC Seychelles or their registrar, Computershare.

4. US and Canadian Shareholders

The Company and CIC Seychelles have been advised that they may be in breach of certain securities laws if they were to make the share distributions to shareholders in the US and Canada without evidence of the availability of registration and prospectus exemptions, respectively. For that reason, any such distributions will only be made to US or Canadian Shareholders who return the appropriate accredited investor form as set out in Appendix 1. If no such

form is received by the Company or CIC Seychelles it will retain the relevant shares, sell them at a time the Directors deem appropriate and remit the net proceeds to the relevant shareholder.

Intermediary shareholders receiving this Circular who hold shares in the Company or are entitled to shares in CIC Seychelles on behalf of US or Canadian beneficial shareholders should advise the Company or CIC Seychelles as soon as possible if any of the beneficial shareholders for whom they hold such shares are resident in the US or Canada. Any such beneficial shareholders should return the relevant accredited investor form before the relevant shares are transferred for the benefit of such beneficial shareholders, or the relevant shares, if transferred to intermediary shareholders without an intermediary shareholder having received evidence of exemption from a beneficial shareholder, must be transferred back to the Company or CIC Seychelles in order for it to sell such shares and remit the net proceeds to the beneficial shareholder.

5. Taxation

You should be aware that these transactions may have tax consequences in your own jurisdiction and anywhere else you are liable to pay tax. You are encouraged to seek tax advice your professional advisers on the ramification of the various distributions.

6. Timing

Please refer to the expected timetable on page 2.

Yours sincerely,

Robert Rhodes
Chairman

6 November 2014

Dear Shareholder,

1. Introduction

Following a review of the Company's investment and advisory businesses, the Board has determined that a more efficient operating structure is required for the Company's advisory business. The Company has therefore established a wholly owned subsidiary in the Republic of Seychelles, named CIC Capital Ltd. ("**CIC Seychelles**"), which is to conduct the advisory business previously conducted by the Company (the "**Reorganisation**"). A Seychelles domicile has been chosen from which to run the advisory business as CIC Seychelles will not be subject to any income tax, stamp duty and/or other duties and taxes in the Seychelles. This is guaranteed by law for a period of 20 years from the date of its incorporation.

The Company will continue to carry out its investment business and intends to make further announcements in due course.

As you are aware the Company was previously quoted on the AIM Market of the London Stock Exchange before delisting on 2 May 2014. CIC Seychelles has sought admission to the standard listing segment of the Official List and to trading on the London Stock Exchange's Main Market for listed securities of its common shares by way of an introduction ("**Listing**"). There will be no fundraising on Listing if and when such Listing is completed.

As the advisory business of the Company is to be conducted by CIC Seychelles, and in order to enable all Shareholders to take advantage of the proposed Listing, the Company is now demerging the advisory business by distributing by way of dividend *in specie* all of the shares it currently owns in CIC Seychelles to Shareholders on a one for one basis so that Shareholders will then own the same number of shares in CIC Seychelles as they do in the Company (the "**Seychelles Distribution**"). Details of the management of CIC Seychelles are set out in Part II.

In line with its announcement on 2 June 2014, the Company is also distributing by way of dividend *in specie* to Shareholders on the relevant record date, shares allotted to it in certain companies ("**Client Companies**") in connection with the provision by the Company of advisory services (the "**Client Company Distributions**").

In anticipation of one of the Client Companies, CIC Gold Group Ltd, potentially listing in the future, and in order to create sufficient shares in public hands, CIC Seychelles and the Company will also be distributing by way of dividend *in specie* some of the shares in that Client Company to shareholders upon them becoming a shareholder in CIC Seychelles (the “**Free Float Distributions**”).

A similar approach is expected to be taken for future listings of other Client Companies.

This Circular explains the background to and details of the Reorganisation and the various distributions.

2. The Reorganisation

Part of the Company’s business has been to provide advisory and consulting services primarily to clients in the mining sector and in the energy infrastructure sector. It has previously been engaged to work for four companies:

- CIC Gold Ltd
- CIC Fuels Ltd
- CIC Brancepeth Coal Ltd
- Sino Reserves Ltd

Under the terms of the relevant advisory agreements, shares in these companies (“**Former Client Companies**”) were allotted to the Company in lieu of fees payable on commencement of services. These shares were previously held in the Company’s books at valuations based on IFRS 10 but have since been written down.

In June this year these four contracts with the Former Client Companies were terminated and new contracts to perform the same services have been entered into between CIC Seychelles and each of the newly incorporated Client Companies being:

- CIC Gold Group Ltd (“**Gold**”)
- CIC Fuels Group Ltd (“**Fuels**”)
- CIC Coal Group Ltd (“**Coal**”)
- Sino Reserves Group Ltd (“**Sino**”)

Each of these companies has been incorporated in the Republic of Seychelles and has allotted shares of no par value to the same shareholders (including the Company) as were previously entitled to shares in the Former Client Companies, and in the same amount to which they were each entitled..

As the advisory business of the Company is therefore now being carried out by CIC Seychelles rather than the Company, any shareholdings in the Former Client Companies will cease to have any material value. It is for this reason that the previous entitlements to shares in the Former Client Companies are being replicated in the Client Companies. One of these entitlements that is being replicated is the Company’s shareholding in the Client Companies which it holds on the basis that part of the contracts with the Former Client Companies had already been performed by the Company resulting in the Company earning shares in those companies in lieu of fees.

As the Company had previously agreed to transfer some of its entitlement to shares in two Former Client Companies to third parties under pre-existing agreements, it is now procuring that those third parties are allotted the same amount of shares in Gold and Fuels. In addition, as the Company had agreed to distribute as dividends *in specie* to its Shareholders shares in all Former Client Companies, it is now making the Client Company Distributions in the same amount. The Company will continue to retain a small balance of shares in the Client Companies following these allotments and distributions.

Following the above Reorganisation CIC Seychelles will now carry on the advisory business formerly carried on by the Company. The shares held by the Company and CIC Seychelles in each of the Client Companies following the Reorganisation (but prior to the Free Float Distributions below) are set out in Part II of this Circular.

2. The Distributions

Shareholders will shortly be receiving three types of distribution in connection with the Reorganisation.

1) Seychelles Distribution

First, to demerge the advisory business of the Company and to enable Shareholders to carry on holding their interests in the advisory business now being carried on by CIC Seychelles, the Company will distribute by way of an *in specie* dividend to all Shareholders on its register on the record date as at the date of this Circular, the same number of shares in CIC Seychelles as they currently hold in the Company (the “**Seychelles Distribution**”).

2) Client Company Distributions (distribution approved prior to Company being continued as a BC company)

Second, the Company will carry out each of the distributions previously announced of shares in each of the Client Companies to each Shareholder on its register on the record date of 6 June 2014. The terms of the distribution, as set out in the announcement of 2 June 2014, are that each Shareholder on the record date will receive an *in specie* dividend of a number of shares in the relevant Client Company that is the result of multiplying its shareholding at that date by the relevant percentage set out in the Table 1 below, depending on the time the relevant shares have been held:

Table 1

Time held	Gold	Fuels	Coal	Sino
2 years or more	5%	2%	5%	2%
1 year or less	2%	1%	2%	1%
Total shares distributed	3,029,118	1,514,559	3,029,118	1,514,559

Directors of the Company will be asked to waive their right to participate in the Client Company Distributions.

3) Free Float Distributions of shares in Gold

There will be two such distributions. The first will be carried out by CIC Seychelles which will distribute twenty million (20,000,000) shares it owns in Gold to all of its shareholders on the register immediately following the Seychelles Distribution. Shareholders in CIC Seychelles will receive their pro rata share of such distribution based on their shareholding percentage in CIC Seychelles (which will be equivalent to their shareholding percentage in the Company).

The second of these distributions will be made shortly before a listing of Gold from shares which would then be held by the Company arising on conversion of certain convertible loans. The Company announced on the 2 October 2014 two unsecured, interest free convertible loans to Gold of £300,000 and £1,425,000 respectively. These loans are convertible into common shares in Gold prior to its admission to listing on the Main Market of the London Stock Exchange. The conversion price is at six (6) UK pence per share resulting in the issue of 28,750,000 shares in Gold. The Directors have determined that these shares will be distributed by the Company on conversion of the loans to its shareholders on the register immediately following the Seychelles Distribution. Shareholders in the Company will receive their pro rata share of such distribution based on their shareholding percentage in the Company. Directors of the Company will be asked to waive their right to participate in this share distribution.

3. The Common Shares

Each common share of CIC Seychelles will have no par value and be denominated in Sterling. Each common share of each of the other Client Companies will also have no par value and be denominated in Sterling.

All shares being distributed will be evidenced by share certificates which will be posted to Shareholders by the Company and CIC Seychelles or their registrar, Computershare.

4. US and Canadian Shareholders

The Company and CIC Seychelles have been advised that they may be in breach of certain securities laws if they were to make the share distributions to shareholders in the US and Canada without evidence of the availability of registration and prospectus exemptions, respectively. For that reason, any such distributions will only be made to US or Canadian Shareholders who return the appropriate accredited investor form as set out in Appendix 1. If no such

form is received by the Company or CIC Seychelles it will retain the relevant shares, sell them at a time the Directors deem appropriate and remit the net proceeds to the relevant shareholder.

Intermediary shareholders receiving this Circular who hold shares in the Company or are entitled to shares in CIC Seychelles on behalf of US or Canadian beneficial shareholders should advise the Company or CIC Seychelles as soon as possible if any of the beneficial shareholders for whom they hold such shares are resident in the US or Canada. Any such beneficial shareholders should return the relevant accredited investor form before the relevant shares are transferred for the benefit of such beneficial shareholders, or the relevant shares, if transferred to intermediary shareholders without an intermediary shareholder having received evidence of exemption from a beneficial shareholder, must be transferred back to the Company or CIC Seychelles in order for it to sell such shares and remit the net proceeds to the beneficial shareholder.

5. Taxation

You should be aware that these transactions may have tax consequences in your own jurisdiction and anywhere else you are liable to pay tax. You are encouraged to seek tax advice your professional advisers on the ramification of the various distributions.

6. Timing

Please refer to the expected timetable on page 2.

Yours sincerely,

Robert Rhodes
Chairman

6 November 2014

Dear Shareholder,

1. Introduction

Following a review of the Company's investment and advisory businesses, the Board has determined that a more efficient operating structure is required for the Company's advisory business. The Company has therefore established a wholly owned subsidiary in the Republic of Seychelles, named CIC Capital Ltd. ("**CIC Seychelles**"), which is to conduct the advisory business previously conducted by the Company (the "**Reorganisation**"). A Seychelles domicile has been chosen from which to run the advisory business as CIC Seychelles will not be subject to any income tax, stamp duty and/or other duties and taxes in the Seychelles. This is guaranteed by law for a period of 20 years from the date of its incorporation.

The Company will continue to carry out its investment business and intends to make further announcements in due course.

As you are aware the Company was previously quoted on the AIM Market of the London Stock Exchange before delisting on 2 May 2014. CIC Seychelles has sought admission to the standard listing segment of the Official List and to trading on the London Stock Exchange's Main Market for listed securities of its common shares by way of an introduction ("**Listing**"). There will be no fundraising on Listing if and when such Listing is completed.

As the advisory business of the Company is to be conducted by CIC Seychelles, and in order to enable all Shareholders to take advantage of the proposed Listing, the Company is now demerging the advisory business by distributing by way of dividend *in specie* all of the shares it currently owns in CIC Seychelles to Shareholders on a one for one basis so that Shareholders will then own the same number of shares in CIC Seychelles as they do in the Company (the "**Seychelles Distribution**"). Details of the management of CIC Seychelles are set out in Part II.

In line with its announcement on 2 June 2014, the Company is also distributing by way of dividend *in specie* to Shareholders on the relevant record date, shares allotted to it in certain companies ("**Client Companies**") in connection with the provision by the Company of advisory services (the "**Client Company Distributions**").

In anticipation of one of the Client Companies, CIC Gold Group Ltd, potentially listing in the future, and in order to create sufficient shares in public hands, CIC Seychelles and the Company will also be distributing by way of dividend *in specie* some of the shares in that Client Company to shareholders upon them becoming a shareholder in CIC Seychelles (the “**Free Float Distributions**”).

A similar approach is expected to be taken for future listings of other Client Companies.

This Circular explains the background to and details of the Reorganisation and the various distributions.

2. The Reorganisation

Part of the Company’s business has been to provide advisory and consulting services primarily to clients in the mining sector and in the energy infrastructure sector. It has previously been engaged to work for four companies:

- CIC Gold Ltd
- CIC Fuels Ltd
- CIC Brancepeth Coal Ltd
- Sino Reserves Ltd

Under the terms of the relevant advisory agreements, shares in these companies (“**Former Client Companies**”) were allotted to the Company in lieu of fees payable on commencement of services. These shares were previously held in the Company’s books at valuations based on IFRS 10 but have since been written down.

In June this year these four contracts with the Former Client Companies were terminated and new contracts to perform the same services have been entered into between CIC Seychelles and each of the newly incorporated Client Companies being:

- CIC Gold Group Ltd (“**Gold**”)
- CIC Fuels Group Ltd (“**Fuels**”)
- CIC Coal Group Ltd (“**Coal**”)
- Sino Reserves Group Ltd (“**Sino**”)

Each of these companies has been incorporated in the Republic of Seychelles and has allotted shares of no par value to the same shareholders (including the Company) as were previously entitled to shares in the Former Client Companies, and in the same amount to which they were each entitled..

As the advisory business of the Company is therefore now being carried out by CIC Seychelles rather than the Company, any shareholdings in the Former Client Companies will cease to have any material value. It is for this reason that the previous entitlements to shares in the Former Client Companies are being replicated in the Client Companies. One of these entitlements that is being replicated is the Company’s shareholding in the Client Companies which it holds on the basis that part of the contracts with the Former Client Companies had already been performed by the Company resulting in the Company earning shares in those companies in lieu of fees.

As the Company had previously agreed to transfer some of its entitlement to shares in two Former Client Companies to third parties under pre-existing agreements, it is now procuring that those third parties are allotted the same amount of shares in Gold and Fuels. In addition, as the Company had agreed to distribute as dividends *in specie* to its Shareholders shares in all Former Client Companies, it is now making the Client Company Distributions in the same amount. The Company will continue to retain a small balance of shares in the Client Companies following these allotments and distributions.

Following the above Reorganisation CIC Seychelles will now carry on the advisory business formerly carried on by the Company. The shares held by the Company and CIC Seychelles in each of the Client Companies following the Reorganisation (but prior to the Free Float Distributions below) are set out in Part II of this Circular.

2. The Distributions

Shareholders will shortly be receiving three types of distribution in connection with the Reorganisation.

1) Seychelles Distribution

First, to demerge the advisory business of the Company and to enable Shareholders to carry on holding their interests in the advisory business now being carried on by CIC Seychelles, the Company will distribute by way of an *in specie* dividend to all Shareholders on its register on the record date as at the date of this Circular, the same number of shares in CIC Seychelles as they currently hold in the Company (the “**Seychelles Distribution**”).

2) Client Company Distributions (distribution approved prior to Company being continued as a BC company)

Second, the Company will carry out each of the distributions previously announced of shares in each of the Client Companies to each Shareholder on its register on the record date of 6 June 2014. The terms of the distribution, as set out in the announcement of 2 June 2014, are that each Shareholder on the record date will receive an *in specie* dividend of a number of shares in the relevant Client Company that is the result of multiplying its shareholding at that date by the relevant percentage set out in the Table 1 below, depending on the time the relevant shares have been held:

Table 1

Time held	Gold	Fuels	Coal	Sino
2 years or more	5%	2%	5%	2%
1 year or less	2%	1%	2%	1%
Total shares distributed	3,029,118	1,514,559	3,029,118	1,514,559

Directors of the Company will be asked to waive their right to participate in the Client Company Distributions.

3) Free Float Distributions of shares in Gold

There will be two such distributions. The first will be carried out by CIC Seychelles which will distribute twenty million (20,000,000) shares it owns in Gold to all of its shareholders on the register immediately following the Seychelles Distribution. Shareholders in CIC Seychelles will receive their pro rata share of such distribution based on their shareholding percentage in CIC Seychelles (which will be equivalent to their shareholding percentage in the Company).

The second of these distributions will be made shortly before a listing of Gold from shares which would then be held by the Company arising on conversion of certain convertible loans. The Company announced on the 2 October 2014 two unsecured, interest free convertible loans to Gold of £300,000 and £1,425,000 respectively. These loans are convertible into common shares in Gold prior to its admission to listing on the Main Market of the London Stock Exchange. The conversion price is at six (6) UK pence per share resulting in the issue of 28,750,000 shares in Gold. The Directors have determined that these shares will be distributed by the Company on conversion of the loans to its shareholders on the register immediately following the Seychelles Distribution. Shareholders in the Company will receive their pro rata share of such distribution based on their shareholding percentage in the Company. Directors of the Company will be asked to waive their right to participate in this share distribution.

3. The Common Shares

Each common share of CIC Seychelles will have no par value and be denominated in Sterling. Each common share of each of the other Client Companies will also have no par value and be denominated in Sterling.

All shares being distributed will be evidenced by share certificates which will be posted to Shareholders by the Company and CIC Seychelles or their registrar, Computershare.

4. US and Canadian Shareholders

The Company and CIC Seychelles have been advised that they may be in breach of certain securities laws if they were to make the share distributions to shareholders in the US and Canada without evidence of the availability of registration and prospectus exemptions, respectively. For that reason, any such distributions will only be made to US or Canadian Shareholders who return the appropriate accredited investor form as set out in Appendix 1. If no such

form is received by the Company or CIC Seychelles it will retain the relevant shares, sell them at a time the Directors deem appropriate and remit the net proceeds to the relevant shareholder.

Intermediary shareholders receiving this Circular who hold shares in the Company or are entitled to shares in CIC Seychelles on behalf of US or Canadian beneficial shareholders should advise the Company or CIC Seychelles as soon as possible if any of the beneficial shareholders for whom they hold such shares are resident in the US or Canada. Any such beneficial shareholders should return the relevant accredited investor form before the relevant shares are transferred for the benefit of such beneficial shareholders, or the relevant shares, if transferred to intermediary shareholders without an intermediary shareholder having received evidence of exemption from a beneficial shareholder, must be transferred back to the Company or CIC Seychelles in order for it to sell such shares and remit the net proceeds to the beneficial shareholder.

5. Taxation

You should be aware that these transactions may have tax consequences in your own jurisdiction and anywhere else you are liable to pay tax. You are encouraged to seek tax advice your professional advisers on the ramification of the various distributions.

6. Timing

Please refer to the expected timetable on page 2.

Yours sincerely,

Robert Rhodes
Chairman
